

**About Freebird Rides:**

Freebird Rides is a new mobile app that brings customers to the hottest bars, restaurants, and events in town, and reimburses people for their Uber rides to the location, providing worry-free fun and encouraging responsible drinking. Freebird connects seamlessly to the Uber app. Customers select where they want to go, accept the business's ride contribution offer, and request their ride. How it works: <https://youtu.be/50LLu10Bm5o> Freebird is partnering with Pub at The Club and offering up to \$20 reimbursement to all attendees who use Freebird to get to the event on September 10.
